

ANNUAL REPORT

2021-2022

SAINT HARDAYAL EDUCATIONAL AND ORPHANS WELFARE SOCIETY

OVERVIEW

Saint Hardayal Educational And Orphans Welfare Society (SHEOWS) is an organization that is working for the abandoned elderly in Delhi NCR. SHEOWS was founded by DR. G.P.Bhagat in 2003. SHEOWS is an old age home working for the physically handicapped, indigent, abandoned, destitute, and homeless elderly since 2003. We are located in Delhi (New Delhi) and Garhmukhteshwar (Uttar Pradesh). Over the last 20 Years, SHEOWS has served more than 7000 elderly and rehabilitated 2700 elderly back to their families. Currently, SHEOWS is a family of 500 elderlies. The services that we provide to our elderlies are absolutely free of cost to all the beneficiaries like nutritious food, safe and hygienic shelter, clean clothing, 24X7 nurses, doctors, caregivers for assistance, SCU (Special Care Unit with ventilators, oxygen concentrator, bi-pap machine, DVT Pump, etc.), Physiotherapy, X-ray facility, Pathological Testing, etc.

OUR ASPIRATION

Mr. G.P. Bhagat-Founder,
SHEOWS

"Loneliness and social isolation among elderly has been a growing concern, and many different studies have been conducted to determine its causes, risk factors, and how it affects seniors' health. These factors are quite dangerous and can increase the risk of dementia by 64 percent. SHEOWS has been serving patients with dementia along with other abandoned and destitute elderly for many years now. Even during COVID we were able to rescue and look after an overwhelming number of elderly. We do not only take care of their physical health but also strive for the social, emotional and mental well-being of our beneficiaries. SHEOWS aims to create a hospitable and caring environment for them where they can overcome the trauma they suffered and lead a happy and dignified life"

Mr. Saurabh Bhagat-Director,
SHEOWS

"SHEOWS has been working tirelessly to spread its services across the states of Haryana, Delhi and Uttar Pradesh while also enhancing the existing ones. Constant efforts are being made to widen our network of community outreach and improvise our rescue and rehabilitation program so that we are able to provide for a growing number of underprivileged and destitute people.

We intend to decrease the mortality rate among elderly and articulate our work more coherently along the lines of UN sustainable goals, particularly SDGs 1,2 and 3 which aim towards eradication of poverty, mitigating hunger and provision of nutritious food to all people and finally ensuring their over all well being by focusing on a proper and efficient healthcare system.

SHEOWS aims to attain a world where every elderly is treated with respect and care and none of them is neglected or abused"

ABOUT SHEOWS

VISION

To mitigate the sufferings of the elderly picked up from the streets. To ensure they have a dignified life by providing them access to comfortable accommodation, nutritious food, and healthcare.

MISSION

To work for the neglected and abandoned elders left to die on the streets by their families, by providing shelter, food and critical healthcare at our old age homes.

OUR WORKING MODEL

- **Rescue:** Our dedicated rescue team consists of highly skilled professionals who are working 24x7 for the past 20 years to save the lives of our beneficiaries from the streets of Delhi NCR.
- **Admission:** SHEOWS currently operates 3 old age homes 2 in Delhi (Badarpur and Chattarpur) and 1 in Uttar Pradesh (Garhmukteshwar) the rescued beneficiaries are admitted to one of three old age homes.
- **SOS Treatment:** The majority of our beneficiaries rescued require immediate medical attention, upon admission our dedicated medical staff provides medical assistance to the rescued beneficiaries.
- **Food, Shelter, and Clothing:** The beneficiaries are given a well-balanced meal that is catered according to their needs. SHEOWS provides a safe and hospitable environment, we can currently accommodate 500 beneficiaries and provide clean clothing to all our beneficiaries.
- **Medical Care:** For prompt diagnoses and treatment SHEOWS old age homes are equipped with the latest medical equipment like:
 1. 40 bedded Special care unit,
 2. Oxygen concentrators,
 3. Ventilators,
 4. Bi-pap machines,
 5. Pathology Lab
 6. X-Ray Machine etc
- **Recreational Activities:** To alleviate stress and amuse our beneficiaries SHEOWS organizes recreational activities like musicals, indoor games, celebrating festivals, theatre, etc. SHEOWS welcomes several volunteers who organize these kinds of recreational activities.
- **Cremation:** SHEOWS provide a peaceful closure to our beneficiaries by cremating them as per their religious belief.

FACILITIES AVAILABLE

The beneficiaries are provided with nutritious meals, that are catered according to their needs.

Nutritious meal

**Fully equipped 40 Bedded
Special Care Unit**

Well-trained staff who are equipped to tackle any emergency situations and save the lives of our beneficiaries..

24X7 WELL TRAINED MEDICAL STAFF

24X7 RESCUE AVAILABLE

Our rescue vehicle goes around Delhi NCR 24x7 and rescues needy elderly.

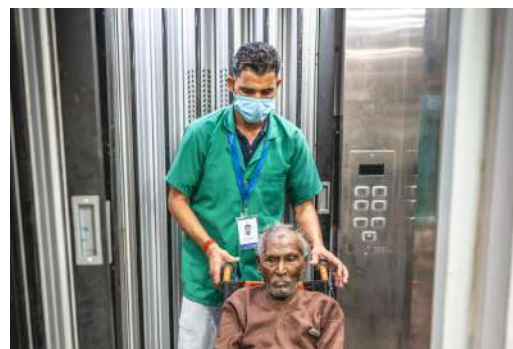

The In-house pathology lab allows prompt results and ensure accurate diagnoses. This decrease the dependency on external sources.

Hi-tech Pathology Lab

FACILITIES AVAILABLE

With age, mobility decreases significantly, to ease their movement lift and wheelchair are available in the ashram.

LIFT FOR ELDERLY, WHEELCHAIR ACCESS

PHYSIOTHERAPY CENTER

Digital X-Ray provides better-quality images, prompt access, and storage, it also causes a small number of radiations and it also reduces environmental impact as they reduce the amount of chemical waste.

DIGITAL X-RAY CENTRE

24*7 IN-HOUSE PHARMACY

Our well-trained staff are equipped to care for patients who are suffering from dementia and are unable to take care of themselves.

CARE FOR DEMENTIA

FACILITIES AVAILABLE

It focuses on improving the symptoms, dignity, and quality of life of beneficiaries who are approaching the end of their lives.

PALLIATIVE/ GERIATRIC CARE

FREE AMBULANCE SERVICE

We are practicing organic farming and raising cows, to reduce the consumption of adulterated foods.

ORGANIC FARMING AND GAUSHALA

SOLAR POWERED CENTRE

Solar power panels were installed in the old age homes to create a sustainable source of electrical power supplying electricity to the residents. Our Garhmukhteshwar Ashram is equipped with a total of seventy-five solar panels providing 75 Kilowatt of power to the center.

There are times when the rescued citizens are simply lost and have no way that leads them back home. We not only work towards the idea of saving and serving the elderly citizens rescued, but we also work for the ones who simply need to get reunited with their families

REHABILITATION TO HOME.

CELEBRATION

SUCCESS STORY

Panna Devi, 60 years old, came to us on the 26th of July 2021. She was rescued by police where she was aimlessly roaming about and couldn't find her way back home and couldn't tell anyone details about her family members. Panna Devi has been registered with us in the Delhi Ashram since the day she arrived.

Upon arrival, the first thing that was done was a RT-PCR test by the caregivers and staff at the ashram. Her physical situation was extremely critical, and she was moved in to the SCU right away after her COVID tests and was given SOS treatment and upon seeing her health and requirements; the caregivers and staff gave her all the medication she needed.

Panna Devi was diagnosed with a chronic disease – DM 2 Diabetes along with maggots on her foot and anemia. She was also suffering from high sugar and had low levels of hemoglobin. She also had an ulcer on her right toe as well as dementia.

These were the comprehensive diagnoses made after multiple tests and treatments. There was a course of treatment that the in-house doctors prescribed and carried out. Panna Devi was given all medication and was looked after by the caregivers as per doctor's instructions. She was also given treatment for the maggots and ulcer on her foot, the foot was amputated in a private hospital (Supreme Hospital) for which SHEOWS contributed funds for the amputation surgery.

After her treatments, the staff noticed that Panna Devi was also psychologically disturbed due to her state and her dementia, she had to be looked after and taken care of round the clock due to her treatments and procedures. The caregivers tried to keep her interactions up and tried to make her as comfortable as she could as she recovered under their care in the ashram.

She is currently staying at SHEOWS ashram and doing much better than she was admitted. The staff at the Ashram works tirelessly to make her feel at home. She is currently in good condition, but we hope she makes a full recovery and can feel better soon.

BENEFICIARIES TESTIMONIALS

"I AM EXTREMELY THANKFUL TOWARDS THE SHEOWS CAREGIVERS AND THE PARAMEDICAL STAFF FOR THEIR CONTINUOUS ACT OF KINDNESS AND AFFECTION; IT IS ONLY DUE TO THEIR HARD WORK MY DIABETES IS UNDER CONTROL."

JOGINDER SINGH

"मैंने अपने घर में भी इतनी करुणा और देखभाल कभी महसूस नहीं की, देखभाल करने वाले मुझे इतना प्यार देते हैं और इतनी अच्छी देखभाल करते हैं कि मैंने कभी बाहरी व्यक्ति की तरह महसूस नहीं किया। "

POOJA AMMA

"देखभाल करने वाले के समर्पण ने मुझे जीवित रखा है, देखभाल करने वालों ने मुझे दूसरा जीवन दिया है, और यह उनके समर्पण और निरंतर चिकित्सा उपचार के कारण था कि मैं पूरी तरह से ठीक हो पाई।"
